Title V Part A - Developing Hispanic Serving Institutions Program

- Posted May 15, 2019 - Due July 15, 2019
- Maximum $600,000 per year/ 5 years
- 40 anticipated awards
- 2 Competitive Priorities
  - Projects that are designed to expand the number of Hispanic and other underrepresented graduate and professional students that can be served by the institution by expanding courses and institutional resources.
  - Projects that support instruction in personal financial literacy, knowledge of markets and economics, knowledge of higher education financing and repayment (e.g., college savings and student loans), or other skills aimed at building personal financial understanding and responsibility.
The Math Excellence Program will strive to change the way both institution and students view mathematics by creating an environment of excellence, excitement in mathematics, celebration of student success, and an embracing community for learning and achieving.
